This month's challenge:

The FUTURES Invention Challenge

We want your ideas for any invention you think might make life better!

We've teamed up with the FUTURES2022 Festival to ask you to come up with your own creative ideas, just like the engineers at the universities in Bath, Bristol, Exeter and Plymouth.

Research is all about asking questions, getting creative and testing things out, and you could be a researcher, an engineer or a scientist too!

Tell us about your idea:

Don't forget to give
your invention a
name!

Draw your invention idea:

You can send us a
video explaining
your idea too!
