Name:

Little Alex Horne

Job Title:

The Taskmaster's Assistant

Job Description:

Little Alex Horne is the Taskmaster's helper on the TV show Taskmaster. In Taskmaster, a group of contestants take on funny and tricky tasks, and the Taskmaster (Greg Davies) decides who did the best job! At the start of each show, Alex makes everyone laugh, usually by telling a funny joke or making a silly pun, after he has been introduced by the Taskmaster. He's also the one who comes up with all the fun and silly games that the players have to do!

Alex's main job is to explain the rules of the tasks, help the players understand what to do, and keep track of the time. Alex is also responsible for keeping track of the scores and gives the Taskmaster information that often helps him to decide who wins each task. Even though he doesn't play in the tasks, Alex is always there to help make sure everything goes smoothly. Even when things get really silly, Alex stays calm and focused, making sure the show is fair and lots of fun to watch!

TASK

Read Little Alex Horne's job description and make notes about fun inventions that could help Alex do his job better.
