

# Stevie's Poover 2002

**Stevie has invented an amazing machine called the Poover 2002!**

It picks up dog poo and launches it at the owners who don't clean up after their dogs. Can you help by making a poster to tell everyone about the Poover 2002 and encourage people to pick up their dog poo – so they don't get a messy surprise?

Make your  
poster **BOLD**,  
bright and  
colourful!
