

Book Bingo! Read a book ...

about a new invention	about coding or computers	with a robot in it	that is set in the future
with a famous building or landmark	about a scientist	with instructions	about the environment
with a step-by-step guide	with a question in the title	about space or a planet	with a mythical creature
about how things work	with a map or diagram inside	where someone solves a problem	about an animal or nature

Are you ready to put on your Reading Helmet and become a STEM Book Expert?

Your mission is to complete as many Book Bingo squares as you can!

Pick a Square

Choose any STEM reading challenge on the Bingo card.

Find a Book

Pick a story, picture book or non-fiction book that matches the square and read or listen to it.

Colour the Square

Finished the book? Tick or colour the square. Try to complete a row, a column, or even the whole board!
